To Whom It May Concern:

Regarding the information requested concerning Hillsdale Terminal Manufactured Products:

Hillsdale Terminal is aware of the "Restriction of Hazardous Substances" Directive, citation 2002/95/EC and 2003/11/EC, and Directive 2011/65/EU commonly known as RoHS1,2 and 3. These Directives restrict the use of specific substances in electrical and electronic equipment sold in the EU beginning July 1, 2006.

These six restricted substances in RoHS 1 are:

1. Lead
2. Mercury
3. Cadmium
4. Chromium VI
5. Polybrominated biphenyls (PBB)
6. Polybrominated diphenyl ethers (PBDE)

Also, Hillsdale Terminal does not use any of the following which can be considered similar in nature to the brominated materials in RoHS:

1. Pentabromodiphenylether (PentaBDE)
2. Octabromodiphenylether (OctaBDE)
3. Decabromodiphenylether (Deca BDE)

Also, Hillsdale Terminal does not use any of the following

1. Bis (2-ethylhexyl) phthalate (DEHP)
2. Butyl benzyl phthalate (BBP)
3. Dibutyl phthalate (DBP)
4. Diisobutyl phthalate (DIBP)

Accordingly, Hillsdale Terminal does not intentionally add these substances to the **Terminal Products**.

Therefore, as of this date, the **Hillsdale Terminal Products** are in compliance to the RoHS 2 & 3 directives.

Keep in mind that all of our PVC based insulators are produced with polyvinyl chloride resin that may contain trace levels, < 0.001% by weight of vinyl chloride monomer, which is a listed California Proposition 65 chemical. Please refer to the MSDS for our PVC compounds.

The **PVC Insulators** also do NOT contain any Copper, Beryllium, Nickel or Nickel based materials, Red Phosphorous, Latex, Melamine, Bisphenol A (BPA), DEHP (or DOP Plasticizer), Perfluoro-octane Sulfonates ("PFOS"), Polycyclic Aromatic Hydrocarbons (PAHs), Chlorinated Solvents, Dimethyl Fumarate (DMF), PCBs, Asbestos or DMF (Dimethyl Fumarate) compounded into the products.

July 5,2022

To Whom It May Concern:

RE: Registration, Evaluation, Authorization and Restriction of Chemicals (REACH) (EC) No 1907 /2006. Substances of very high concern (SVHC) as defined in Article 59 (10) by ECHA (European Chemicals Agency) 224 Substances Last updated June 10, 2022.

Part #'s: ALL MANUFACTURED PARTS Made by Hillsdale Terminal.

The Hillsdale Terminal product listed above is not formulated with any of the substances of the 224 Very High Concern as identified under Article 59 (10) of the REACH regulation.
These substances are not intentionally added nor are they expected to be present in the material used in the manufacturing of these parts.

The **Hillsdale Terminal Products** also do NOT contain:

- DBP – Dibutyl phthalate
- BBP – Benzyl butyl phthalate
- DIDP – Diisodecyl phthalate
- DINP – Diisononyl phthalate
- DnOP – Di-n-octyl phthalate
- DIBP – Di-iso-butylphthlate
- DOP – Dioctyl phthalate (or DEHP – Di(2-ethylhexyl) phthalate)

Added 01/06/2021

- TTBP- 2,4,6- Tris(tert-butyl)
- DecaBDE- Decabromodiphenyl ether not used
- PCTP- Pentachlorothiophenl
- PIP (3.1)- Phenol, isopropylated not used
- HCBD- Hexacholorobutadiene not used
- PBT - Polybutylene Terephthalate

If you have any questions or require further information, please feel free to contact us at any time.

Sincerely,

Mickey C. Condon

Mickey C. Condon

In the United States, ozone-depleting substances are regulated by the EPA as Class I or Class II controlled substances. Accordingly, Hillsdale Terminal does not intentionally add these substances to the **Hillsdale Terminal Products**.

The **Hillsdale Terminal Products** also do NOT contain:

- DBP – Dibutyl phthalate
- BBP – Benzyl butyl phthalate
- DIDP – Diisodecyl phthalate
- DINP – Diisononyl phthalate
- DnOP – Di-n-octyl phthalate
- DIBP – Di-iso-butylphthlate
- DOP – Dioctyl phthalate (or DEHP – Di(2-ethylhexyl) phthalate)

Thank you for your interest in Hillsdale Terminal products. If you have further questions, please contact your representative for Hillsdale Terminal products.

Sincerely,

John R. Condon

To: Whom it may concern

Re: California Proposition 65

Hillsdale Terminal is aware of California Proposition 65 that restricts products that contain certain chemicals that may cause cancer or reproductive toxicity in drinking water.

To the best of Hillsdale Terminal's knowledge, all products are in compliance with Proposition 65, and reasonably anticipated use of our products will not result in exposure levels to any Proposition 65 chemicals that would require a Proposition 65 warning.

Sincerely,

Mickey C. Condon
Quality Assurance Manager
Hillsdale Terminal
