## Conflict Metals Declaration

*March 23, 2015*

International Hydraulics Inc. (brand name IHI Connectors) requests all our suppliers to comply with the Dodd-Frank Wall Street Reform and Consumer Protection Act ("Dodd-Frank Act"), specifically the requirement of public companies to release their use of conflict minerals that originate in the Democratic Republic of the Congo ("DRC") or a neighboring country.

International Hydraulics Inc. uses a supplier review database to survey our suppliers, using the generally adopted Electronic Industry Citizenship Coalition (EICC) form. We are pleased to report that suppliers of our raw materials have confirmed they are compliant with all requirements.

If you have any questions or concerns about our products, please contact our team and we will help you.

Respectfully,

A handwritten signature in blue ink, appearing to read 'Chas Ridley'.

Chas Ridley, President IHI
